

Air 1 is a positive influence on all who listen. They are encouraging good living and helping others. Not All the Junk heard on some other stations. Airl is listened to by me. I am 39, my husband 40 and our 5 children ranging from 6-16 years old,--by choice. It has a positive affect on all who listen. We are encouraged to help in the community and world wide by the enfluences of this station. It is in the publics best interest to continue to have airl and have the same GREAT format!!!

Thank you for your time- Robin Bruski
